	5. I	Proposal Meets CTSP requirement (see page 5 of Guidance) Check all that apply.		
□ Crisis care to prevent institutionalization.	ı	□ Crisis care to prevent institutionalization.		

		Comprehensive services and family supports – child specific.	
		Family/youth participation and strengthening family/youth support, family/youth advocacy groups involvement within the community, peer supports, and self-help and recovery support services.	
		Community and family/youth training on System of Care, comprehensive assessment, (PCP)/CFT (barrier elimination)	
		Workforce training and training re: Child Mental Health Plan and key elements such as SOC, cultural responsiveness, and client treatment outcomes and program performance measures using the North Carolina Treatment Outcomes and Program Performance System (NC-TOPPS).	
		Programs that will increase community capacity (e.g., for co-occurring populations, emerging high risk youth populations such as oxycodone and methamphetamine users, the deaf and hard of hearing population, etc.).	
		Prevention and early intervention activities – fund services and supports to promote capacity for selective and indicated prevention services and intervene early with children at risk of SED or substance abuse	
		Community Collaborative Training and support by Division-approved trainers. (The current listing of Division-approved trainers for Community Collaborative Training and support will be made available to LMEs by the Division).	
		Training and education costs for start-up for community placements to assist in maintaining a qualified provider network.	
Со	mm	ents:	
-			
6.	Pro	posal not eligible because it specifies Non-approved activities:	
		Hiring of Area/County Program staff to perform any Local Management Entity (LME) function(s).	
		School services that should be the purview of schools and/or are covered or should be legitimately covered under IDEA or Section 504 of the Rehabilitation Act.	
		Department of Juvenile Justice and Delinquency Prevention (DJJDP) or Department of Social Services (DSS) residential settings. Coordination with DJJ and DSS is imperative. The Area/County Program and Community Collaborative(s) are encouraged to develop comprehensive services and supports, and staff where and when children and families need them, and in the least restrictive setting.	
		Funds are not to be used if other means of funding are available to support services,	
		Medicaid, Health Choice, private insurance or other public or private funding. However, CTSP funds may be used to provide services and supports, per an approved child and family plan, that seamlessly extend those services and supports otherwise offered through Medicaid, Health Choice, or other public funding.	
		Purchase, or improvement of land; or purchase, construction, and/or permanent improvement of any building or other facility; or purchase of major medical equipment.	
	-	man detion for fronding.	
ĸe	com	mendation for funding:
